

2025 Senegal Go Team Prayer Requests

Tricia Williamson - Returnee and Team Leader

That the Go Team has a safe and productive trip

That through the Go Team's words and actions, CPC's ministry partners and the Senegalese people the Go Team encounters will experience the love and support the people at CPC are sending.

That each Go Team member experiences God's love in action while in Senegal

Geo Plumberg – Returnee

For safety, travel mercies and good health for the entire team

That we reflect Christ in all we do and with all those we meet

That our ministry partners maintain the strength and stamina to continue their work in spreading the Good News of Jesus Christ

That we bring encouragement, love and support to our partners and friends

For family left behind, that they have peace and comfort knowing our trip is in God's hands.

Bob Sisson – Returnee

Good health, stamina and safe travel for each team member.

That our Senegalese partners and everyone we meet will see the light of Jesus in us.

That I can give encouragement, provide hope and show grace to those we meet. I'll need God's help in listening, knowing what to say, and knowing when to "just let it be."

That I take good notes and photographs that will accurately record and communicate what life is really like for our Senegalese friends.

That our family will stay healthy and safe while we're away.

Kerby Boschee – 1st trip

For safe travel throughout the journey, and good health for all Go Team members.

For God's presence to be felt by the Go Team and by all of our partners and friends in Senegal.

For our families and loved ones at home who support us.

That God's love will be evident in our interactions in the communities and with the partners we visit. That longstanding relationships get rejuvenated, and that new relationships are formed in His glory according to His will.

Mary Sisson - Returnee

Stamina, safety and good health for the whole team, creaky knees and all

That I can see God in the people we meet, the ministries that serve people in Senegal, and the way God works in the Senegalese culture

That the people we meet can see Jesus in me

For a joyful time meeting our sponsored child

For our family back home

Bob Swenson – Returnee

For all the logistics involved

For the health of our team members

That we might be an encouragement to our friends and partners in Senegal

That we might be good listeners

For our families here in Vancouver while we are gone
